

Setif 1 University Ferhat Abbas  
Faculty Of Nature And Life Sciences  
Departement Of Ecology and Environment

**Organize Conference on**  
**Tree rings in research: Case studies from the University of**  
**Milan (Italy)**

04 June 2026 from 08:30 - 11:00

**Focus Areas:**

The talk will focus on the methods and applications of dendrochronology in forest research, presenting four project examples that illustrate how the ForestLab group at the University of Milan has recently used tree-ring data in applied research related to forest management, planning, and climate change adaptation.

**Speakers:**

University of Milan - Department of Agricultural and Environmental Sciences (DiSAA)  
(Italy)

**PhD Silvio D. Oggioni**

**PhD in Environmental Sciences**

**Post-doc in University of Milan - Milan (Italy)**

**Prof. Giorgio Vacchiano**

**Associate professor in silviculture and forest planning**

**University of Milan - Milan (Italy)**

**We hope to see you there!**
